International Zero-Emission Vehicle Alliance
Third Annual Assembly
May 22-23 2018
London, United Kingdom
Milton Keynes, recipient of the Go Ultra Low Cities grant scheme, has invested heavily in promoting consumer awareness and charging infrastructure.

Milton Keynes has seen EV uptake well above the rest of the UK.

Thanks for hosting us, OLEV and Milton Keynes EV Experience Centre!

Going electric: The London Taxi evolves

Marilou Gosselin, Lucy Hayward-Speight, Brigitte Bertout on an emission-free taxi ride
London moving quickly towards clean air and zero-emissions leadership

- Goal of becoming a zero-carbon city by 2050
- Cross-industry EV Infrastructure Task Force underway to create roadmap for infrastructure development
- Programs in place for electric buses, taxis, ride-hailing, and charging stations

Reflecting on continued electric vehicle growth

- Through 2017, cumulative global light-duty EV sales passed 3.2 million
  - These markets have led in developing supporting policy, incentives, charging, local action
ZEV Alliance: International engagement

- Montréal First Assembly
- New York Launch
- Paris COP21 Announcement
- Amsterdam Second Assembly
- Stuttgart Roundtable
- Bonn COP23
- London Assembly!
- California Global Climate Action Summit

Timeline:
- 2015: 1 million ZEVs
- 2016: 2 million ZEVs
- 2017: 3 million ZEVs

ZEV Alliance

1 million ZEVs
2 million ZEVs
3 million ZEVs
ZEV Alliance: International collaboration

Collaborative agenda

- Principles for incentive design
- Evolution of incentives
- Next-generation ZEV technology
- ZEV role in climate mitigation
- Consumer outreach best practices
- Utility ZEV best practices
- Charging infrastructure practices
- Zero-emission heavy-duty vehicles
- Hydrogen infrastructure practices
- Fast charging best practices
- Electrifying non-road transport
- ZEVs in shared fleets

Events:
- Oakland Meeting
- New York Launch
- Paris COP21
- Montréal Assembly
- Amsterdam Assembly
- Stuttgart Roundtable
- Bonn COP23
- ZEV event
- London Assembly
- California Summit

Timeline:
- 2015: 1 million ZEVs
- 2016: 2 million ZEVs
- 2017: 3 million ZEVs
- 2018:
A vision towards zero-emission transport

ZEV Alliance member discussion
- Past successes and upcoming policies
- Outreach opportunities, partners, and events
- Future focus areas
- Expansion of the ZEV Alliance

Assembly venue in Stratford, London, United Kingdom
As always, it’s great to catch up and discuss past and future ZEV successes!
Thanks, members, for participating!
Thanks, guests, for joining us!
Thanks, OLEV, for hosting us!
